Steve--

Thanks for providing comments on the draft CSO talking points. I incorporated many and provided some additional comments/tweaks to respond to yours. I've attached both a track change version and (relatively) clean version (although I did make a few additional revisions as you can see in track changes. On the clean version, I've also noted who would likely be best to answer each question if they come up during the Q&A (programmatic staff (Don or me) or attorney's (GC).

If anyone has any final concerns/revisions, please share by this Friday. I would like to get a final version out to everyone (including Joelle and Lynda) by Monday of next week.

Thanks!
Allison
